THE HARE IN THE MOON

THE HARE IN THE MOON CRAFT SHEET

Thanks for joining us for **THE HARE IN THE MOON!**

We hope you enjoyed our show. Much of what you saw was crafted by hand - we love crafting (and we're sure you do too!)

We've created this tutorial on how to make a Hare Puppet yourself - so you can keep the fun going at home. We've tried to make the activity use only items you might find at home - but remember, you can always improvise - there's no right or wrong way.

You can find more craft fun on our blog -

MAKE A HARE PUPPET

You will need:

- > 2 Pieces of A4 card or similarly sized scraps of cardboard or thick (paper will work but the puppet won't be as durable)
- > Some felt-tip pens
- > A pair of scissors
- > A glue stick
- > Sellotape

How to make it:

1. Take one of your pieces of card and fold it over horizontally into a third, then glue it in place and leave it to dry.

2. Once it's dried and stuck securely, colour in the folded strip on one side. Then fold the strip in half making sure that the coloured side is on the inside.

3. Decide what colour Hare you would like, then take your coloured pens and colour in your puppet. I have used 4 different shades of brown to create a textured fur look. Don't forget to draw in and colour a mouth in the middle of your puppet.

MAKE A HARE PUPPET

4. Then taking your second piece of card cut a strip no wider than your Hare Puppet. On this strip draw two long ears attached to a large rectangular flap. Colour in the ears and the flap, then fold the ears inwards and fold the rectangular strip into a triangle. Glue the bottom of the triangle and the fold between the triangle and the ears to the top of your puppet.

5. The raised triangle forms the rabbits brow, this is where you stick on your googly eyes. Now you have your very own Kindly Hare puppet to retell the story of The Hare in the Moon.
